# Sanctuary Ranch Family Camp

Where could your family go this summer for a vacation and learn something practical in a spiritual setting? At Sanctuary Ranch, you can enjoy a spiritual feast morning and evening on topics pertaining to coming events and learn practical skills during the day. Our noon meal is from the garden!

*Left to Right: Jere, Linda, Amber, and Jed Franklin*

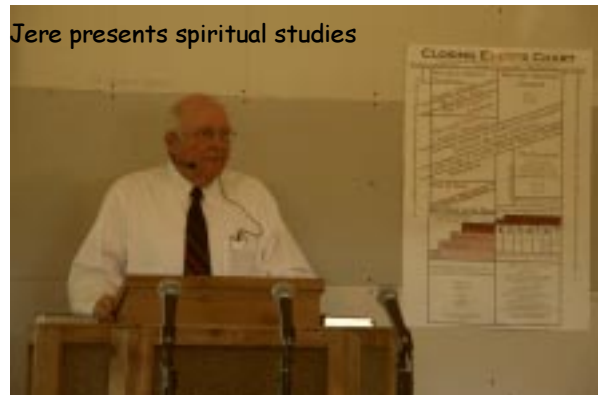

Come to Family Camp prepared to view wild animals such as moose, deer, and bear in their natural habitat. Enjoy quiet times and woodland trails along the beautiful Sukunka River that borders the west boundary of Sanctuary Ranch where muskrat, otter, fisher, mink, and beaver make their home. The northern lights often favor campers with a glorious appearance.

## Spiritual Presentations

"A storm is coming, relentless in its fury.  
Are we prepared to meet it?" (8T 315)

If there was a plan to save your family from coming disaster wouldn't you want know about it?

Morning and evening meetings in the Training Center at Sanctuary Ranch Family Camp awakens the need of preparation for the events coming upon God's Commandment-keeping people. Love and sharing are the motivating factors for true survival.

Discussion Topics:

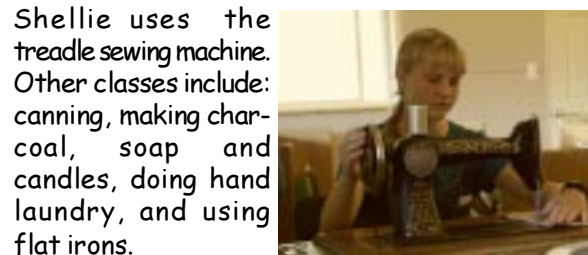

- \*Accusations \*The Loud Cry \* National Sunday Law \*
- \*Blessed By Who You Know \*The Time of No Buy- No Sell \*
- \*God is Love \* Intercession \*Treasures in the Trash\*
- \*The Narrow Way \* Close of Probation for the Remnant \*
- \*Restoration \* Left Behind \* God's Call to Country Living \*
- \*Hastening Our Lord's Return \*The Latter Rain\*

"Again and again the Lord has instructed that our people are to take their families away from the cities, into the country, where they can raise their own provisions; for in the future the problem of buying and selling will be a very serious one" (Country Living 9-10).

## Practical Classes

Amber prepares a meal from the garden on the wood cook stove located in the Training Center

Shellie uses the treadle sewing machine. Other classes include: canning, making charcoal, soap and candles, doing hand laundry, and using flat irons.

Jere demonstrates how to use a froe to split shakes for roofing when building your cabin.

Guests learn the "give and take" method with a crosscut saw.

## Log Cabin Building

Learning to build a log cabin is a family favorite. Simple, hard work, but what a reward for your labor!

Getting logs to the building site is half the battle! Here campers use a timber carrier to transport a wall log.

Next, logs are peeled with drawknives. Plenty of work for everyone!

Jed demonstrates notching with a small power saw. Campers also learn to notch with axes.

Finished product: a warm cozy place for the whole family on a cold winter's night.
